KILIMANJARO TREK – MARANGU ROUTE – TOUR CODE: KMR 01

MARANGU ROUTE

Marangu Route, often referred to as the “Coca Cola” route, is Kilimanjaro’s shortest and easiest route. Because of this, it is also the most popular route. The minimum number of days for a Marangu trek is 5 days round trip. In an effort to ensure your safety and summit success, Kushiland Tours recommend 6-day trip using the Marangu route. However, if you wish to have a longer trip to increase your chances of proper acclimatization, you can stay an extra night at any camp. Your “off-day” would consist of going on a light hike to gain some elevation and then returning to camp for food and rest.

Marangu Route 6 - Days Description

Marangu is the only route on Kilimanjaro with solar-powered sleeping huts. You will also find comfy beds at every camp. The huts are shared by all climbers on the route and their bunks are equipped with a sponge mattress and pillow. The huts at Mandara and Kibo each have 60 beds and the busiest camp, Horombo Hut, has 120 beds. The lower two huts have bathrooms and running water. Basic outhouses are available at the last camp.

The dining huts are a communal melting pot of trekkers from all over the globe.
